Dear Dave,

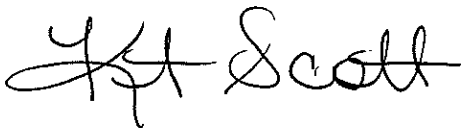

**RE: Maxwell Drummond International – Calgary Office move**

We would like to take this opportunity to thank you and your staff for the amazing job that they did in making sure that our office move was a success.

We had a time line of one week's notice to move and when we asked your team if it could be done, they assured us that it could and they were on it. This timeline was met and we were only down for ½ day which is absolutely amazing. Your team made it easy for us to focus on the other areas of the business that required our attention, as we knew that we were in good hands. They dealt directly with the telephone company, our IT consultant and internet provider to insure that we were properly set up and all systems worked as they should. We received a follow up phone call each day to see if there were any issues and if there were your team was on it.

Thanks once again and please keep up the great service. We would be more than happy to recommend your service to others for day to day operations or especially office moves.

Sincerely,

Kim Scott  
Executive Assistant/Office Manager
